# Geo-political analysis of ethnic groups in the region anklet

bakhtyar askandari\*,mohammad sadegh yahya poor,

**Abstract** Most of the world multiple ethnic groups have been formed. The diversity of violence in the most countries of the source and cause of wars and internal conflicts and the loss of millions of lives. Iran also has the diversity and multi-ethnicity and ethnic groups, mainly in the suburbs and bordering Iran have been formed. Due to its geopolitical location of Khalkhal and ethnic and cultural diversity, Evaluation of Factors Affecting constructive communication between living people and their convergence and its effect on the level of sustainable convergence, The problem is research; This study seeks to identify factors affecting convergence and its impact on people's sense of security and stability in the region Khalkhal. Geographic and demographic establishment of its establishment, subject to certain conditions. The study examined how the interaction of these differences in the distribution of ethnic groups and different scheduling is important. The data used in this study population and its distribution in urban and 150 rural areas is 3 points Census 1390 has been derived field studies. The results indicate that the regional distribution of ethnic groups Khalkhal geographical and historical terms, and economic factors are then placed.
