
The Nature and Effects of Factoring and Forfating in International Treat Law

Mehdi Asadi Soofi*, Issa Moghaddam,

Today, financing plays an important role in international trade, so that, most deals are based on one or more financing method. There are different methods for financing in the international trade space, and these methods are in progress, same international trade, documentary credit, seller and buyer credit, export credit insurance, leasing, factoring, forfeiting and etc that are the most important methods for financing. Factoring and forfeiting are main methods for financing asset based in all over the world and are one of the important sources for small and medium enterprises due to the extensive use of factoring and forfeiting at the global level because its role in countries facilitating trade and non-use these methods in Iran, these methods can use as a reasonable instrument of financing for small and medium enterprises.

Keywords : Financing, Factoring, Forfeiting, International trade, Discount.
