# Didactic Literature In Poetry Of Hazin Lahiji

zahra amani\*,

**Abstract** The didactic literature is a branch of literature in which different categories of education and expression of ethical issues are addressed in terms of literary texts and poetry. Investigation and study of the didactic literature will lead us to the better identification of ancestors' ideas about the human personality and social relations. Therefore, in this research, the position of didactic literature in the poems of Hazin Lahiji was studied through a descriptive-analytical method. Hazin Lahiji is one of the poets whose poems have a significant position for didactic literature and its different sections. The obtained results show that edification, one of the sections of the didactic literature, has the most frequency among other areas. Civil politics is one of the sections the poet addressed different themes in terms of advices and tips for kings. In poems of Hazin Lahiji, only some samples of his attention to the section of household management are observed and the expression of love and interest of the poet in the beloved is focused.

**Keywords :** Keywords: Didactic literature, wisdom, ethics, Hazin Lahiji.
