

Civil liability of new criminal laws in Innovations

reza alipoor*,

133 Abstract One of the most important and most useful topics in discussion of civil liability. None of the subjects of private law as law of civil liability has not been changed with a little attention to these changes, we find that most developments in the field of civil liability Originating the idea of rights Criminal innovation. The present study therefore the new criminal law to civil through the interpretation of the latest developments in the field of criminal law, especially in terms of civil liability principles civil liability to pay. Civil liability on the basis of the new Penal Code has been subject to massive change the theory is based on the civil liability and fault-based liability has taken place. The findings the study shows the Penal Code in 1392. Civil liability on the basis of two new Penal Code One theories has been that the ability to invoke Article 492 and Article 145 of the Criminal accepted in deliberately The basic fault in the conflict, according to the theory, it can be considered for every action, Harmful to personal documents issued to him and he must compensate the damage caused by it Also, The need for acquittal, according to the new Penal Code, studying exemptions liability in the event of liability shall commit a fault Intentionally or unintentionally is not so in the new Penal Code the acquittal less. In The penal code only decisions of judges about civil liability arising fault and damages Incurred judicial decision is a direct result of the judgment should rise to civil liability person to be a judge. Also eligible material and moral losses and benefits and create a realistic possibility of compensation Damage days of arrest issued an acquittal or prosecution of responsibility, including changes in law The New Code of Criminal Procedure. **Keywords:** civil liability, the theory of fault, citing the theory, the theory of risk, Penal Code 1392
