

# Central Library with local architectural approach Gilan

sinashiri\*,saviz tayah,

Due to the growing population and lack of cultural spaces that need not be Neckar In this regard, the Central Library as one of the solutions to meet this need. One of the factors associated with reading people and push people to Ktabkhany for the community. Vicki common approach in this category spaces designed based on the vernacular architecture of the region. This thesis subject Vernacular architecture approach put your library And the study of vernacular architecture in Gilan And lifestyle, customs, culture and architecture addressed And finally enjoying the concepts And patterns of vernacular architecture is designed Gilan Central Library collection. This site due to the potential of urban and convenient access to the city limits As well as being adjacent to the city park and cultural complex, it's been chosen. Preservation of indigenous identity and introducing it to young people, Enrich the national culture, imperious unity of indigenous, Raising the scientific level of the most important goals of the library. The use of traditional materials, Flexible spaces, Compatible with the climate native Gilan and architectural motifs. Among the models that have been considered in the design of this collection.
