

The investigate of relationship between social responsibility on risk taking and firm value

Roghayyeh Safarpour*,Dr. Hosna Ghahremani,

The main objective of this study was to investigate the relationship between social responsibility on risk taking and firm value in companies listed in the Tehran Stock Exchange. For this purpose, in this study, data 130 companies during the years 1390 to 1394 were studied. In order to test hypotheses the research was used of multivariate regression analysis. The results of the test hypotheses showed that there is a significant relationship between the social responsibility and risk taking, hence , the first hypothesis be confirmed. and The results showed that there is not significant relationship between social responsibility and firm value hence the second hypothesis not be confirmed too.

Keywords : social responsibility, risk taking, firm value
