

Fouman five-star hotel design approach field-oriented architecture (green design based on the nature and nativism)

Razieh Rezaeifard*,

Abstract: Pop culture in the Iranian people , a special place for the development of information, knowledge and awareness of human and experience in this culture to human becomes to travel in and around the world and of any nation and recognition in his mind. With this in mind , in the last few years for hotels and hotel industry to become real and rapid expansion of paramount and , in a way that , like any other industrial product produced , so that the industrial product rules and criteria follows profitability and market calculations. no doubt the impact of the transformation a relative to improve the level of service in hotels of any kind and will be put on the other hand, the quality of what architecture to decay, and what will it inside . Accordingly , how important it is beyond that of the methods of so - called " fast and rational " that can meet the demands , i. e. , and should not be a " very cheap, " but rather to help co - ordinated and in accordance with the needs and organized in a wide range of areas , which can be chain and similar repeated one location to another with exaggerated similarities in the details of the space , i. e. , but not without an identity , a space that can be a sense of belonging to it . Category that in this project , the design of the hotel in the city limits with (Green Design , respect nature, and domestic extremism). In these studies have been trying to after detailed knowledge of passengers and their main intention , deficits and needs to space , an operationally hotel and determining the type of favorable hotel in the current situation in the city and eventually suitable location in the area , and then on the basis of nature - oriented design patterns . Sampling of birth and growth : means birth , and this shows that the most important characteristic of Nat root word inherent nature of nature and permanent birth . so it is essential that the process of birth and the principles and rules governing it . After the review of nature - oriented bases and

creativity can design of the soul and benchmarking birth .

Keywords : Keywords: “respect for nature “,” the field of extremism” ,” naturalism in architecture” .
