

# Check exceptions to the rule of the monarchy in law and Islamic jurisprudence

Yazdan Hassanzadeh\*,

One of the important principles that have been highly evaluated in the field of law is the rule of the monarchy. The rule of the monarchy as the obvious meaning is derived the domination According to this rule the kingdom everyone on your property unless mirror the reign or rule is in conflict with the rights of others. The aim of this study is to evaluate the exceptions rule of law and the principles of the exceptions in the law is monarchy. In this regard, an important question is that this is due to the exceptional rule of monarchy What is the Islamic law and jurisprudence in Iran and what is the reasons and bases for these exceptions? After reviewing the books and articles and other information sources This cross-sectional study after study has provided the dimensions of the issue results: Tslyt principle can be exceptions rule and reign in the private rights of individuals, including commercial real estate property And non-commercial and public resources, particularly the Anfal and treasure, mines, and outlined the reasons and Exceptions to the principles of jurisprudence and legal Tslyt divided into two categories

**Keywords :** rule, reign, Tslyt, exceptions to the rule Tslyt
