

In order to fight economic corruption resistance economy

Seyed Morteza Haghi Goorab Zarmakhy*, Dr. Vahid Zareei Sharif,

Abstract Today, economic crime is increasing day by day and caused huge backlog in terms of economic corruption is sent. These cases are in addition to the massive amounts of court time to fall. It is often squandered public property The roots of confidence in itself can be a popular system Bkshkand On the other hand, according to the notification of the economic policy of resistance by the leader of fashion Zillah grant him long life, the most basic needs in the country's economic policies, provide the ground for reduction of economic corruption in the country. This is a matter for each authority has endorsed compassion And we ignore this problem is discouraged Apart this normally thinkers and leaders of each country are trying to save their countries the dangerous whirlpool The sacred system of the Islamic thinkers and patriots should be the best way to deal with this huge issue facing the authorities are After the latest solutions being offered to help make it a reality Today, in most countries apply appropriate mechanisms to avoid economic corruption They can be formed including a comprehensive financial system in those countries, but noted there are other issues Which entitled criminalize moderators who are responsible for overseeing the work of offending employee Cited Of course, all these interpretations should we make a comprehensive fight against corruption, economic and social roots is Including ways to deal with the roots of the culture and to increase public awareness Educating and raising low-income and middle-class economic power noted Because the main role in the incidence of corruption in a society in addition to the lack of a culture of poverty Field And based on indigenous values and beliefs of the community The aim of this study is to provide a solution tailored to the challenges facing the country's economic system and judicial Therefore this part, today's requirements in the field of economic corruption Create a comprehensive financial system (That transparency is necessary to inform the general public) And criminalization lack of oversight by government regulators I hope that this article could be a step towards better implementation of economic policy in its resistance.
