

The Impact of Language Learning Games on the Learning of L2 Orthography Among Iranian Secondary School Students

By Mojdeh Hadipour Behambari*, dr. Reyhane Sheikhi,

Thanks to merciful Lord for all the countless gifts he has offered me, and thanks to my professors and my family support since my MA education until now. I would like to express my special appreciation and thanks to my dear supervisor Dr. Reihaneh Sheikhy; you have been a tremendous mentor for me. I would like to thank for her support, patience, motivation, and immense knowledge. Her guidance helped me in all the time of research and writing of the thesis. I could not accomplish my thesis without such a superior mentor. Her valuable guidance and support helped me to fulfill this research. Besides my supervisor, I would like to thank the rest of my thesis committee: Dr. Majid Pourmohammdi and Dr. Arash Saharkhiz Arabani, for their insightful comments and reassurances toward improving my research content. I humbly extend my thanks to all concerned persons who cooperated with me in this regard: Last but not least, I would like to thank my beloved family who have supported me and encouraged me to be strong throughout the process of writing my thesis.
