

The impact of the Islamic Republic of Iran's national security on the geopolitical developments of terrorism

imanjamshidpour*,

Terrorism is a phenomenon that coincides with human life, which has always been a developmental trend. Namely, as technology and information enhances the envelopment and domination of humankind on Earth, it increases the power of terror and terrorism. That is why the phenomenon of the local nature has now become the universal nature In this dissertation, the impact of national security on geopolitical developments in terrorism after the Islamic Revolution of Islamic Republic of Iran has been investigated in both the internal and external spheres, and raised the geopolitical nature of the question of how the geopolitical changes in terrorism affect the national security of the Islamic Republic of Iran . To answer the above question, two hypotheses have been raised: -Geopolitical changes in terrorism can affect the security of the Islamic Republic of Iran -Insecurity of the geopolitical developments of terrorism can exacerbate the insecurity of the regional security of the Islamic Republic of Iran The evaluation of these hypotheses is the main structure of this thesis, in addition to the thesis, the following three objectives have been considered Explaining the National Security of the Islamic Republic of Iran in the Context of Terrorism Analysis and identification of the Islamic Republic of Iran's actions on the geopolitical developments of terrorism Providing a suitable strategy for fighting, controlling and controlling terrorist activities Based on the geopolitical analysis, the relation between terrorism and national security in relation to countries, especially in Iran, is a scientific necessity. The expected findings are that the use of information technology and Islamic culture (Shia) can affect the weakening, control and containment of terrorism both inside the country and in the areas of geopolitical influence in Iran. keywords: Terrorism, Iran, Geopolitics, National Security, Influence, Developments, Borders
