

# **The Effect of Live Teacher Pronunciation vs. Play-back Pronunciation Practice on Pre-intermediate Iranian EFL Learners' Pronunciation Accuracy**

Mobina Heydari\*,

I am grateful to everyone who gave their precious time and energy to help me in the process of learning and growing during the course of this Master's Degree. The process of designing, carrying out and writing up this thesis would not have been possible without the invaluable assistance and encouragement of my supervisor, Dr. Majid Pourmohamadi. It is impossible to adequately thank him for his insightful guidance throughout this research. I thank him for his kind cooperation, helpfulness, valuable suggestions and comments in my M.A. course. I also need to sincerely thank my advisor Dr. Saharkhiz for his insightful comments. I am also grateful toward all my professors in Azad University of Rasht, especially head of department who has been a great asset during our education in this university. I would like to thank my classmates who have made these two years of our education a beautiful memory. Last, but not least I would like to express my heartfelt gratitude to my mum and dad for their help and support.
