

# Comparative study of mystical thoughts by Bayazid Bastami and Janid Baghdadi

zahra azadi khah salimi\*,

**Abstract** Bayazid Bastami and Janid Baghdadi are two of the most famous and prominent Iranian mystics whose footprints and statements are evident in place of our mystical and literary texts. This reflects the profound influence of their personality, their opinions and their thoughts on mysticism and mystical literature. This research studies the comparative study of the mystical thoughts of Bayazid Bastami and Janid Baghdadi and seeks to study mystical thoughts. Since Bayazid Bastami and Janid Baghdadi are among the most prominent Iranian mystics, we should discuss their role in mystical thoughts; In this research, first, the personality and ideas of Bayazid Bastami and Janid Baghdadi, using various works in this field, Then the various works of mystics and poets were reviewed and, finally, the type of influence of the speeches and statements of Bayazid and Janid Baghdadi on mystical thoughts was arranged respectively. It can be said that some mystics have used the words or ideas of Bayazid and Janid al-Baghdadi to bring scientific material on mystical thoughts and even have interpreted and described their speeches, while others, In terms of practical mysticism and paths of conduct, they have benefited their speeches and authorities, and their names and words have been included in their scientific and literary works. The adaptation of these two poets to the mystical thoughts is a very difficult task in which many people look at Bayazid's mystical thoughts. There is not much connection between the thoughts and thoughts of the two poets.

**Keywords :** Key words: Bayazid Bastami, Janid Baghdadi, Mystical Thoughts.
