

Geopolitical analysis of capabilities of the city of Soume Sara

Hasan Arshad Dana*,

Abstract Geographic location of a region can have different effects on national power and political behaviors in that region. Understanding the geographic location of different regions of each region can also have direct effects on the interests of that region. The recognition of geopolitical capabilities is one of the factors that politicians in every state should try to Recognize them, So that they can apply the appropriate strategy to establish a strong diplomatic relationship with other countries. In this research, the geopolitics of Gilan province and the city of Sumoare Sara have been investigated based on factors influencing geopolitics. And showcase the opportunities and bottlenecks in the area of national power ahead of the city. To this end, the factors influencing geopolitics have been studied and then the status of the city of Sumeza Sara has been investigated based on these factors. The research method was descriptive-analytical and information gathering was done by field and library. The statistical population of the city is Mona Sara city in Guilan province. The results show that the Monastery Sara has many geopolitical abilities that can help its development in the province.

Keywords : Keywords: geopolitics, position, capability, monastery city.
