

Investigating the affecting aspect of Hafez on Fereydoun Moshiri

Zahra Ghabranejad*,

The influence of poets and critics each other is one of the most important arguments in stylistic studies. Indeed, there is no artist who has created a piece of art without paying attention to previous literary works. Generally what is resulted this influence is the change in literature context. The poetical influence can be the generator for new poems in new styles and topics. Undoubtedly, Hafez has unique characteristics; indeed the style and thoughts of Hafez in the way of composing lyrics has the most influence on previous poets. Moshiri also is one of the famous, contemporary and stylist poets whose poem has the influence of Hafez in many aspects. In this research the influence of Moshiri Hafez based on descriptive-analytical method with the goal of investigating Moshiri's style, has been discussed.

Keywords : influence, Hafez, Moshiri, poetry, stylistics
