

Differences in the terms of the lawsuit and enforcement of judgments in civil matters with other claims

farhad fattahi nia*,zohreh rahmani,

Abstract The process of hearing and executing judgments is always crucial for the parties to the dispute, and recognizing the rights and duties of the parties is that the rights of the parties are preserved and that the right to the right is properly executed. The courts and tribunals in the case study and consideration of the statements, the reasons And documentation, the referral of disputes to arbitration, peace of lawsuits, and enforcement of sentences are subject to a set of clear rules and regulations. The increasing presence of the government in economic development programs and the conduct of its business by doing so will cause the government Other private and legal private individuals to protect and protect public property sometimes have to file a lawsuit or defense. D of judicial authorities and in some cases their claims to arbitration or refer compromise. In addition to the general provisions that the government, like other private individuals and private individuals should follow in this direction. State lawsuits and enforcement of judgments against the state have special regulations that will be discussed. **Keywords:** Government- The cost of proceedings- -Legal Representative-Peace-Judgment-Execution of Sentences
