Abstract Title: The study of folklore of Talesh people of Fuman Culture and literature are the legacy of our ancestors that today the young and younger generation of the nation must be identified and preserved in its various dimensions. This culture is the product of many years of human life on the planet, and if one is familiar with the popular culture of society, as if in years Their experience is a partner. The culture of every ethnicity belongs to Himself, and this can be largely recognized by the recognition of the popular culture. The purpose of this research is to collect the popular culture of the people of Fomen's language. Fouman is a Shahrestanist in Guilan, who, in addition to Gilak, also speaks many languages. In this research, we have tried to examine the popular culture of the region above birth to death, in order to capture this legacy as soon as possible before other components of this section are forgotten. The purpose of this research is to find some of the cultural components that have been studied less this perspective. The result of the research shows that what is commonly known as popular culture among these people is now being destroyed, and young people in the area are less familiar with it.
