

Translating and researching and matching the company the perspective of Saheb Jahar-ol-Klam

Azam moGhaddasi Sedehi*,

The Book of Sharif Javaher AL-Kalam has always been the subject of our jurisprudential and legal community. This book is one of the most trusted and strongest juristic books of the last. In the present article, the issues related to the company's important marriage by relying on votes This book has been ed for review. The concept of the company's term is one of the disagreements, but according to the definition of the owner of the jeweler's word, the company is a community of multiple rights in a property in a coherent way. " The owner of the jewel has defined the company as one of the most important contracts, while the legislator, in spite of the special agreement on the participation in Article 571 of the Civil Code, has considered the imitation of the famous jurists in the definition of the company in the general sense. Among other issues, the correctness and voidness of the types of civil society are based on the fact that the famous jurists, including the owner of jewelry, regard all the cases except the company Anan (property), while the silence of the legislator and the absence of the text Legislation in this regard has led to the interpretation of the lawyers' correctness, other than the company, because of its uncertainty. Among the achievements of this paper is the promise of the authenticity of some companies that have been recognized as untrustworthy in Imamieh jurisprudence.
