

# Study of freedom will in will

Sahra Gil asgari\*,

The roll of the will is very important in legal actions ,and the loss of determination is due to the lack the principle of determination is one the most important legal principles ,and according to this principle ,contract commitments are merely caused by the will of the contracting parties. the problem is that the principle of the determination of the will to be in the will of the ruler ? is he person of the testator able to enjoy the will of the full will or some factors to bound the testator will ? In irans right , the share and influence of the ion with regard to the testator effects is only in the third part of the effects. Some factors like maintaining the rights of the heirs, public order , good morals, order custom, third - party rights are the limit in the will of the pause , and they are bound to be the right to be a surplus of this share is considered to be his legal heirs and due to the preservation of the rights of the heirs the will is a surplus of property of the heirs , in case of the lack of legal people lack of heir have no limit to the extent of the will , because the philosophy of the testators limit is to maintain the rights . if a person in the time of life transferred his property to his death according to the matter of ten civil laws in the format of the will , there is no limit to his transfer property.
