
A Sociological Study of Khayyam's Poems

Somayeh KhalifeKivi*,

The philosophical quatrains of Hakim Khayyam Neyshabouri is one of the most brilliant works of Persian literature that has always been of interest to scholars. Hijri examines the reflection of society in Khayyam's poetry. This study was conducted through descriptive and analytical library studies. According to the results, the main characteristic of Khayyam's sociology found in his poems is the subject of death and the knowledge of the Hereafter. **Keywords: Khayyam, sociology, quatrains, death, human.**

Keywords : Khayyam, sociology, quatrains, death, human.
