

The role of people in the realization of just sovereignty

Abasali Abroomand*,

One of the main concerns of political philosophy of Islam and Imamie is the role of people in the realization of social justice. The fact is that the perpetual concern of the citizens of every society is social justice. Therefore, considering that the issue of justice in any field, especially in the field of sovereignty, is of great importance to the people of a society, with regard to the above mentioned issues, it will always be the fundamental question that if the sovereignty of the sovereign, human and society is human, is justification and justification of how fair rule, deeply considered in religious thought, and doubts about it, are doubts and doubts in one of the most basic principles of religious belief? This research seeks to answer the question of how people play a role in the realization of social justice. Findings of the research show that justice is one of the concepts that collective minds of all human beings are considered to be good and bad, the debate about the issue of justice is one of the central questions of the philosophy of governance, so one of the hypotheses of this research is the recognition of the role of justice in Considering the fact that the Islamic Republic of Iran constitution has a special legal interest in the role of the people in the administration of state affairs, as well as the legal and political history of the republic, the economic, social and individual dimensions of the human being are based on the jurisprudential principles and the status of justice in the Islamic Imams. Islamic is the meaning and role of people in the realization of justice As one of the prophets of the prophets has proven to be true, as well as the role of the people in determining the sovereign sovereignty necessary to understand the place of people in the realization of justice and just sovereignty.
